

JOB TITLE:	Locum GPs
LOCATION:	Various within South Northamptonshire
SALARY:	Competitive (Permanent, Fixed-Term & Sessional) (Benefits include NHS pension and enhanced payments for weekend/bank holidays)
HOURS:	Late afternoon and early evening shifts available.

We are seeking locum GPs to work flexible primary care shifts at various locations within South Northamptonshire.

About PML:

Principal Medical Limited (PML) is a GP owned and led 'not for profit' primary care organisation, run by GPs and health professionals.

PML was founded in 2004 by a small group of General Practitioners, with the main aim of ensuring that local NHS healthcare professionals had an opportunity to bid for and provide, innovative primary care services in their local area. In the years since it was formed, the organisation has grown and now more than 30% of those in Northamptonshire and 60% of GP practices in Oxfordshire are associated with PML. As we are a 'not-for-profit' organisation, all the money we generate through service contracts is reinvested back into providing patient care.

About the Job:

We are looking for dynamic and motivated GPs to join our excellent, friendly team of clinicians. GPs are supported by other excellent health professionals and a team of non-clinical staff.

The shifts offered are working within the Extended Access Hubs located in Towcester and Guilsborough. We are looking to cover the following shifts on a permanent basis:

Monday 3.30-8pm

Wednesday 6.30-8pm, first and third Wednesday of each month

Thursdays 3.30-8pm, second and fourth Thursdays of each month

We are also looking to build up a bank of staff to support the Extended Hubs on an ad-hoc basis

We offer flexible shift patterns, a competitive salary plus benefits (NHS pension and enhanced payments for weekend/Bank holidays)

To apply please forward a covering letter and CV to recruitment@principal-medical.co.uk
